

SONSTAIR

TREPPENKANTEN-, WINKELPROFILE UND TREPPENSTANGEN

STAIR NOSING PROFILES, ANGLE EDGES AND STAIR RODS

NEZ DE MARCHE, CORNIÈRES ET BARRES D'ESCALIER

- D** Die Profile der Serie **SONSTAIR** bieten den passenden Schutz für mechanisch stark belastete Treppenkanten. Den höchsten technischen Anforderungen entsprechend, schaffen die Treppen- und Winkelprofile eine optimale Verbindung aus Sicherheit und Design.
- GB** The profiles of the series **SONSTAIR** offer the needed protection for mechanically strong exposed stair edges. Meeting the highest technical requirements, the stair- and angle profiles create an optimal combination of safety and design.
- F** Les profilés de la série **SONSTAIR** offrent la protection pour les nez de marche exposés aux fortes sollicitations mécaniques. Les profilés satisfont les exigences techniques les plus élevées en toute sécurité avec un design exclusif.

Wichtiger Hinweis | Important notice | Avis important

Bitte achten Sie bei der Verarbeitung der PVC-Einlage auf die richtige Raumtemperatur (ca. 20°C). Damit verringern Sie späteres Schrumpfen der Einlage. Drücken Sie die Einlage beim Verlegen zusammen und fixieren Sie diese gegebenenfalls mit Klebepunkten.

Please ensure the correct room temperature (approx. 20 ° C) when processing the PVC inlay. This will reduce any subsequent shrinkage of the insert. Press the insert during installation and fix it with glue dots if necessary.

Veillez vous assurer que la température ambiante est correcte (environ 20 ° C) lors du traitement de l'insert en PVC. Cela permettra de réduire tout rétrécissement ultérieur de l'encart. Pressez l'insert lors de la pose et fixez-le avec des points de colle si nécessaire.
